### Declaration of compliance

### TSCA Section 6(h) – Toxic Substance Control Act Section 6(h)

On January 06, 2021, the USEPA (Unites States Environmental Protection Agency, or EPA) finalized Toxic Substance Control Act Section 6(h) rules to reduce exposure to five persistent, bioaccumulative, and toxic chemicals. These chemicals accumulate in the environment over time and therefore can pose potential risks to the public and consumers.

Listed below are the five PBT substances that are restricted or banned from manufacture, processing, and/or distribution in commerce in the United States:

Chemical	CAS Nr.	Additional Informationen
Decabromdiphenylether, Deca BDE	1163-19-5	Already listed as SVHC in the ECHA candidate list
Phenol, isopropyliert, Phosphat 3:1, PIP 3:1	68937-41-7	Included in CoRAP of ECHA
2,4,6-Tris(1,1-dimethylethyl)phenol, 2,4,6-TTBP	732-26-3	Included in CoRAP of ECHA
Hexachlorbutadien, HCBd	87-68-3	Already listed in the EU POP Regulation
Pentachlorbenzolthiol, PCTP	133-49-3	Included in CoRAP of ECHA

Linnemann GmbH has checked its supply chain for the five substances listed above and can confirm that **none of these substances are present in Linnemann GmbH products.**

This confirmation is based on feedback from suppliers, Linnemann GmbH does not perform its own analysis and testing of its products with respect to the Toxic Substance Control Act Section 6(h).
